Frequently Asked Questions

■ **Is this an agency?**

No, it is just me. That is why I give precise measurements and a description of myself. That is also why my web site sucks dick.

■ **What are your services for the \$7,000 per day?**

I sit and read Thoreau and eat plums and fresh cherries in the hotel and try not to look bored out of my fucking mind.

No seriously!!!!!! what we decide to do with the time is our business. I am sure that you will be quite pleased.

■ **You're out of my league, I just can't afford you, what should I do?**

I suggest trying an hourly woman at a site such as cityvibe.com and lagirl.com.

■ **Where are your favorite places to travel?**

Anywhere in Europe, South America (it's so dangerous!), and any other exotic hot spots. Even the United States can be fun, if you're into schoolyard shootings! I really love cosmopolitan cities but also enjoy going to a remote destination for a nice vacation! I'm just that kind of girl.

■ **Where are you available for travel?**

I am pretty adventurous and will travel just about anywhere but I do require first class to certain destinations. Oh, fuck off. It's not as if flying fucking first class makes any fucking difference. First class, is what you're angling for there.

■ **Do you like safaris?**

Love them. I almost became a safari guide at one point! At Kidderminster Safari Park or something! Selling fucking ice cream!

■ **Do you really look as good as your photos?**

I am told I look better in person. I am very fortunate to be blessed with great genetics. What am I saying? I'm coming across as some kind of bigoted Scandinavian eugenicist. Oh--I am that, aren't I. Oops!!!

■ **Are you a natural blonde?**

Yes I really am. As if it was freakish. You tit.

- **Have you had any plastic surgery?**

No! Surely you can tell!

- **Did Al Gore really invent the Internet?**

No, but he gave me some great advice when putting together this Web site. Yes! That's right! That's my kind of witty one-liner! Pretty fucking impressive, eh?

- **Do you have discounts? or can we meet just for a few hours?**

No. I don't do hourly appointments or make compromises with my rates. Sorry.

- **Do you have any naked photographs?**

I am a professional model with a well known print agent and don't have any "naked pictures" on me just now, but can assure you I work out daily and am in amazing shape. Just look at the clothed photos and use your imagination. If you have any, you pathetic, expense-grubbing, middle-management turd.

- **Your charges are much higher than average? How do you justify being so expensive?**

I know my prices are high end but I like to think I am much better than your average prostitute.

- **I really want someone who is down to earth. You sound great on the phone. Are you for real?**

Yes I am. I was raised in an upper class, traditional family and was taught to treat everyone equally and fairly. Except if they mention not believing in Jesus, in which case I takes my shotgun and blows their worthless brains out.

- **I only have limited funds. Can't you treat me fairly and give me a break?**

Sorry. My rates are only flexible on long-term trips.

- **Do you like sushi?**

I love it.

- **What are some of your interests?**

I love music of all kinds, great films, the opera, exploring new cities, sailing, skiing, swimming, snorkeling, meeting new people, and dancing the night away (not in that order! That's right! I like to ski into the sea with a snorkel before being rescued by opera singers in a sailboat taking me to a sparkling city where I can dance the night away and watch films *at the same time*. Oh, and have sex, too. Odd that I didn't mention that).
